**How to use the mizuya (purification fountain)**

1. Holding the ladle with your right hand, draw water and pour it over your left hand to purify it.
2. Next switch the ladle to your left hand, and purify your right hand.
3. Take the ladle in your right hand once more, and pour some of the water into your cupped left hand; use this water to rinse out your mouth
4. Once you have cleansed your mouth, purify your left hand once more.
5. Finally, using the remaining water, rinse off the ladle handle and replace it face down.
